Samsung SC200 Series Desktop Monitors

Efficient. Reliable. And exceptionally cost-effective.

Efficient LED Desktop Monitors for Everyday Performance and Value

They may be everyday, but that doesn't mean they can't be exceptional. The Samsung SC200 Series desktop monitors deliver cutting-edge technology, efficient design and integration ease. Available in six different sizes, they're an ideal solution for general office use. Narrow-bezel designs save space, multiple connectivity options add convenience, and LED-backlight technology delivers amazing image quality. It's this kind of innovation that's made Samsung the #1 manufacturer in the global monitor industry for the past five years. The Samsung SC200 Series. Business. Innovated.

Everything's Up Front
With narrow bezels, a black matte finish and front-mounted tactile buttons, the SC200 Series is an easy-to-use, easy-to-deploy and easy-to-maintain professional-grade desktop monitor solution.

Wide Range of Sizes
Samsung offers a full range of desktop monitors for all types of businesses. Case in point: the SC200 Series is available in sizes of 18.5", 19", 20", 21.5", 23" and 23.6".

Save Energy, Save Money
Samsung's LED-backlight technology and user-selectable Eco-saving features enable enterprises to better manage power usage and reduce energy consumption up to 50% vs. CCFL.

Narrow Bezels Save Space
The narrow-bezel design and low profile stands take up less desk space and contribute to a cleaner-looking office. The built-in cable management feature also adds to a clutter-free work environment.

VESA Compatible
Since the SC200 Series is VESA compatible with light weights and thin panel depths, installation on a wall or separate mounting arms is easy.

3-Year Warranty
The SC200 Series' standard 3-year warranty means high reliability and peace of mind for many years to come.
